Dear Brian.

Just a brief note of thanks for your tremendous efforts over the past few months with the recent kitchen and shop fit-outs at both Yatala and Surfers Paradise.

The project management of these two facilities has been very demanding and time consuming over some months, with more than a few challenges.

It is comforting to know that we can rely on your excellent professional services and eye for detail, to ensure a thorough job and competent completion of works, even in adversity. It is also gratifying to know our customers greatly appreciate the unrequested and additional extra lengths that you take, and operational advice you freely offer, to ensure their total satisfaction.

Please be assured that we will continue, and will look forward, to utilizing your services in the future, and would have no hesitation in recommending Hospitality Consulting & Services to others seeking Project Management expertise in the hospitality industry.

Once again

Many Thanks
