Hi Brian

Just a quick note to say thank you for your assistance and guidance over the past few months.

You have always been accessible when we call and you have provided advice and assistance promptly and positively. You are always willing to listen and your responses are relevant and helpful.

To us, as novices in the management rights industry, you have been patient and supportive. It is a pleasure to communicate with you as we know we will get sound information delivered in an understandable way that is relevant to our business. You have been unselfish with your time with us.

We are still learning and we know that you are only a phone call away if there is anything that we need assistance with.

Thanks.

Regards
